Statement of Cooperation

Washington State University

And

Washington State Community Colleges

Washington State University is a strong promoter of multicultural and diverse experiences for both its students and faculty. This diverse academic environment provides the WSU campuses and learning communities with an enhanced educational and cultural environment. Accordingly, WSU welcomes students of all nationalities to participate in the quality learning opportunities that it offers. Furthermore, WSU guarantees admission to all graduates from the community colleges of Washington State, regardless of nationality, who hold the two-year transfer Associate of Arts Degree, and who meet the standard admission requirements as reviewed and published yearly. These students are typically admitted in third-year status. Applications and admission requirements can be found at the community colleges, at WSU campuses, and the WSU Admissions website <http://www.wsu.edu/admissions>.

Signed:

A handwritten signature in cursive script, reading "Samuel H. Smith".
